

Coded Welders

GFSA Ltd, Stourbridge, West Midlands

Coded Welders - Due to growth and expansion we are currently seeking coded welders to join GFSA Ltd, a leading filtration company specialising in the design and manufacture of process filtration equipment for the oil and gas, petrochemical, water and nuclear industries.

THE ROLE

- Carry out welding processes in TIG/MIG by way of Weld Procedures, Job Packs and Route Cards.
- To carry out various contracts/projects with regards to welding
- To work on your own initiative
- To partake in our mandatory training programme
- Carry out good housekeeping within your working environment
- To work in a safe manner, follow instruction and standard procedures

THE PERSON

You must be ambitious and willing to learn and strive for continuous improvement, willing to work as a team player. You should be diligent and enthusiastic, flexible and well organized.

EXPERIENCE

You should have worked to coded standards ISO 9606 and ASME 9 and have experience with carbon and stainless steel

If you wish to be considered for this role please send your CV to Lynn Downes – HR Manager, email address: accounts@gfsa.co.uk

You must be eligible to work in the UK
