

# **Welder/Fabricator/Fitter**

**GFSA Ltd, Stourbridge, West Midlands**

**Welder/Fabricator - Due to growth and expansion we are currently seeking a Welder/Fabricator to join GFSA Ltd, a leading filtration company specialising in the design and manufacture of process filtration equipment for the oil and gas, petrochemical, water and nuclear industries.**

## **THE ROLE**

- Fabrication involves marking out, production of templates, cutting, forming, profiling, fitting, measuring and welding materials to create the desired product form in accordance with the specification.
- To work on your own initiative to tight deadlines
- To partake in our mandatory training programme
- Carry out good housekeeping within your working environment
- To work in a safe manner, follow instruction and standard procedures

## **THE PERSON**

You must be ambitious and willing to learn and strive for continuous improvement, willing to work as a team player. You should be diligent and enthusiastic, flexible and well organized. You must be practical, able to read and work to drawings and understand welding symbols

## **EXPERIENCE**

Previous experience within the oil and gas industry is desirable but not essential. Ideally you would be coded to EN287 ISO 9606 and ASME 9

If you wish to be considered for this role please send your CV to Lynn Downes – HR Manager, email address: [accounts@gfsa.co.uk](mailto:accounts@gfsa.co.uk)

You must be eligible to work in the UK
